LEWISTON, IDAHO – Public Health and enrolled COVID-19 vaccine providers will start scheduling vaccination appointments for anyone aged 35 and older effective immediately.

“With an increased availability of COVID-19 vaccine supply and available appointments throughout our district we are ready to move on to this next age group,” said Carol Moehrle, District Director. “Public Health and our community providers will continue to offer COVID-19 vaccine to frontline workers that do not meet the age requirement and all other previously eligible priority groups.”

There are several ways to sign up for an appointment:

1. Visit www.idahoprepmo.com and choose a clinic location near you and make an appointment.
