

# ***Free TECC Course!***

## **JUNE 2 and 3, 2018**

### **8 am - 5 pm**

#### **Held at LCSC**

The North Central Healthcare Coalition is sponsoring a Tactical Emergency Casualty Care (TECC) course on June 2 –3, 2018 to be held at Lewis-Clark State College. *TECC teaches EMS practitioners and other pre-hospital providers how to respond to and care for patients in a civilian tactical environment. It is designed to decrease preventable deaths in a tactical situation. The course presents the three phases of tactical care:*

- ◆ Direct Threat Care that is rendered while under attack or in adverse conditions.
- ◆ Indirect Threat Care that is rendered while the threat has been suppressed, but may resurface at any point.
- ◆ Evacuation Care that is rendered while the casualty is being evacuated from the incident site.

The 16-hour classroom course covers the following topics

- ◆ Hemorrhage control
- ◆ Surgical airway control and needle decompression
- ◆ Strategies for treating wounded responders in threatening environments
- ◆ Caring for pediatric patients
- ◆ Techniques for dragging and carrying victims to safety

NAEMT's TECC course meets the guidelines established by the **Committee on TECC** and the updated **National Tactical Emergency Medical Support Competency Domains**. This course is accredited by CAPCE and recognized by NREMT.
