Updates on Legislative Session, communicable disease consent language updates Mike Kane

- Mike meeting with Sen Anton on tuesday at 1:30 to discuss his interest in reviving the bill that he ran last year, if there is interest Mike will provide draft language as a suggested starting place.

Legislative Updates/Updates on Food Fees Kelli Brassfield

- Kelli had been planning to meet with Rep Erickson about carrying food fee bill forward. Going to pause that meeting until the District Directors have a chance to agree upon the alternative funding methodology.
- She is hopeful that if Rep Erickson is will to sponsor the bill that she is able to find a willing committee to give it a hearing. Thinking that House Local Government may be the best one to approach.
